# ANTI-GRAFFITI PROTECTION SYSTEM

CONCRETE • MASONRY • STONE  
BRICK • GLASS TAGGING/ETCHING  
PAINTED WALLS • METAL SURFACES  
FIBERGLASS • PLASTICS • ROAD  
SIGNAGE • WOOD SIDINGS/FENCES

Reducing the risk of destructive graffiti vandalism has been a challenge for decades for both the public & private sectors...  
**We have the solution...**

**Anti-graffiti Protection System**  
Unique • Effective • Affordable

**EDGE Graffiti Barrier™** produces a clear, penetrating film which will not discolor or break down when exposed to harsh weather conditions or UV light and provides maximum protection for wood, concrete, masonry, stucco, metal, plastics and fiberglass, or any porous surfaced materials. **EDGE Clear Defense™** anti-graffiti window film with it's durable 2 ply, 6 mil construction will securely protect glass from destructive tagging and acid etching.

Last year, the city of Los Angeles spent \$7.1 million to remove 28.2 million square feet of graffiti from 641,000 locations - LA Times

### ENVIRONMENTAL EXCELLENCE

Inorganic by nature with no harmful VOC components. Environmentally friendly - does not require any special handling as a 'hazardous material'. Non-toxic, water-based formula means no ventilator masks or protective clothing needed. Unlike other epoxy-based sealants, EDGE Graffiti Barrier™ can be safely applied in all public environments without the need for special ventilation concerns.

### PERFORMANCE EXCELLENCE

EDGE Graffiti Barrier™ when properly applied and maintained, carries a manufacturers 20 yr product warranty. Remove graffiti safely and effectively without the damaging effects of sand or soda blasting, toxic chemicals or repainting. This is not a "sacrificial coating" but a permanent barrier that will withstand many graffiti removal processes without the need to re-apply.

### Buildings, Walls & Structures

Property protection for residential, commercial and municipal applications. Protect virtually any surface and manage even the toughest problems

### Glass Tagging & Etching

Guard your windows from graffiti vandalism at a fraction of the cost of glass replacement. EDGE Clear Defense™ anti-graffiti window film provides invisible protection that effectively eliminates tagging and acid etching damage to glass.

### Signage & Transportation Agencies

Protect highway directional road signs, billboards and commercial advertising marquees from the ravage of spray paint and markers. Transportation agencies such as train systems, commercial trucking, containerized shipping, mass transit and subway systems need the protection of EDGE Graffiti Barrier™.

**WE WORK WITH A DIVERSE CUSTOMER BASE.
